Please remember that insurance is considered a method of reimbursing the patient for fees paid to the physician, but is usually not designed to pay the entire fee. Because insurance companies vary in the amount they will pay for various services, it is ultimately your responsibility to pay the portion of the bill not paid by your insurance company (unless otherwise restricted by law or agreement we might have with insurer).

I directly assign all medical/surgical benefits to Edmonson Aesthetic Facial Surgery, LLC and understand that I am financially responsible for all charges not covered by insurances. I hereby authorize Edmonson Aesthetic Facial Surgery, LLC to release all information necessary to secure the payment of benefits. In the event of non-payment, either by insurance or myself, I agree to pay all costs of collection, including a reasonable attorney's fee in the event it is necessary to employ an attorney to enforce any provision of this contract.

In order to help control the cost of billing, we request payment be made for all office services at the conclusion of your visit unless other arrangements have been made prior to services being rendered.
